Extra Information

Due to the large number of entrants we will now have a capacity grid. There are certain difficulties associated with this and we hope to minimize them as much as possible. Please find following information and requests to enable us to provide you with the best event possible.

Garages

Whilst we are unable to guarantee all requests we would like to accommodate as many as possible. If you haven't already done so can you please provide details on who you would prefer to share a garage with:

YOUR NAME: (State)

SHARE WITH: (State)

Tyres

Are you expecting to be able to purchase Tyres at the track (please circle) YES NO

If YES please indicate TYRE SIZE

If NO are you planning to utilize Tyre changing Services at the Track YES NO

Race Numbers

Due to the large grid we have numerous entrants from various States with the same preferred number. We have also been advised by the event promoter that we are unable to use triple numbers. Preferred numbers will be allocated where possible as full regulations are received.

IPRA State of Origin

This year IPRAVic is excited to introduce a new competition to the Nationals, the IPRA STATE OF ORIGIN. The competition will see the top three finishers from each state in the final score points towards the honour of being 2009 Championship State. Even if your state has the outright winner consistency between the best cars will be crucial. More than ever the Nationals really is State versus State!

It is hoped that this will be a permanent addition to the excitement of the Nationals.
